

Swivel castor with central/directional total brake:

390r 32C125b Z985 C

## Technical data

|               |                                                                                     |        |
|---------------|-------------------------------------------------------------------------------------|--------|
| Diameter      |  | 125 mm |
| Tread width   |  | 32 mm  |
| Height        |  | 158 mm |
| Offset        |  | 44 mm  |
| Load capacity |  | 100 kg |

## Technical description

|                                                               |
|---------------------------------------------------------------|
| sheet steel metal housing                                     |
| zinc passivated                                               |
| modern desing with high-quality plastic cover                 |
| double ball bearing in swivel head                            |
| protected from dust and water ingress by plastic sealing ring |
| integrated selection mechanism with total locking brake "q"   |
| and directional locking brake "r"                             |
| selection mechanism continually greased                       |
| also available with other wheel variants                      |

## Wheel

|                                          |
|------------------------------------------|
| solid rubber tyre blue-grey (Shore A 80) |
| sheet steel metal rim zinc passivated    |
| metal thread quard                       |
| flange bearing                           |
